

Bradmoor Neighborhood Association Board Meeting Minutes
June 24, 2014, 7:30 p.m.

A quorum was present including: Jed Meline, President; Kathleen Stetson, Vice President; Mara Walker, Treasurer; Gwenn Klingler, At-Large; and Steve Borko, At-Large

I. Sidewalk Query:

- After lengthy consideration of altering the existing Board decision to take no positions regarding sidewalk installation, the Board asked Klingler to draft some conditions under which the Board might consider supporting requests for support, now and in the future. The board would consider potential conditions via email.
- The Board agreed to try to reach a decision in advance of the potential Public Hearing. The Board will inquire when the Public hearing will be held and when the County would make a decision on the request.

II. Traffic Survey:

- The Board agreed to proceed to release the draft survey as soon as possible, removing one question.
- The Board held a lengthy discussion regarding what information to release to support the Survey, including many thanks for the hard work of the Traffic and Safety Committee to examine the options. In an effort to avoid any impressions of bias or preference for the given options, the Board agreed to only add links to related information from the Montgomery county website into the survey questionnaire.
